BEFORE
Cleanse the hair with Royal Treatment Volume Shampoo and condition with Royal Treatment Volume Conditioner. Apply some drops of Royal Treatment Pearl Complex and blow dry the hair.

When the hair is dry, mix some drops of Royal Treatment Pearl Complex with Royal Treatment Brilliance Cream and apply on the hair for flexible hold and shine. Curl the hair with the Dura CHI Curling Iron 1 inch and finish with Royal Treatment Ultimate Control Hairspray.

STEP 1.
tart with separating the crown area.
Section the sides and clip them to separate for later.
Create a low side ponytail at the nape and finish with Royal Treatment Ultimate Control Hairspray.
STEP 2.
Braid the hair with 2 strands from the side part in the front to the ponytail in the nape area.
Secure this with pins, loosen up the braid and finish with Royal Treatment Ultimate Control Hairspray.

STEP 3.
Create volume on the crown area by backcombing at the roots. Braid the other side with 2 strands and attach this twist to the ponytail in the nape area. Spray some Royal Treatment Ultimate Control Hairspray to make a firm foundation.
STEP 4.
Divide the ponytail in 3 separate ponytails. 
Twist them, loosen them up a little bit and secure them back up.

STEP 5.
Pin the twisted strands up to the ponytail and finish the look with Royal Treatment Ultimate Control Hairspray.

**BEFORE**
Cleanse the hair with Royal Treatment Hydrating Shampoo and condition with Royal Treatment Hydrating Conditioner. Apply some drops of Royal Treatment Pearl Complex and blow dry the hair.

When the hair is dry, mix some drops of Royal Treatment Pearl Complex with Royal Treatment Brilliance Cream and apply on the hair for flexible hold and shine. Curl the hair with the Dura CHI Curling Iron 1 inch and finish with Royal Treatment Ultimate Control Hairspray.

**STEP 1.**
Separate the top layers from the sides. Backcomb the top layers at the roots for more volume.

Create 2 ponytails. One underneath the top layers on the crown and one at the nape area.

Twist a little strand of hair around the elastic band to hide it. Finish the hair with Royal Treatment Ultimate Control Hairspray.
STEP 2.
Braid the top layers in a loose voluminous braid.

STEP 3.
Secure the braid to the ponytail on the crown. Loosen it up and comb the ends together with the ponytail. Make sure you have a lot of volume in the front. Finish with Royal Treatment Ultimate Control Hairspray.
STEP 4.
Comb the sides backwards and attach it loosely to the ponytail on the crown.

STEP 5.
Do the same on the other side.
Make sure the hair flows loosely to the back.
Place the curls and finish with Royal Treatment Ultimate control Hairspray.

Cleanse the hair with Royal Treatment Volume Shampoo and condition with Royal Treatment Volume Conditioner. Apply some drops of Royal Treatment Pearl Complex and blow dry the hair.

When the hair is dry, mix some drops of Royal Treatment Pearl Complex with Royal Treatment Brilliance Cream and apply on the hair for flexible hold and shine. Curl the hair with the Dura CHI Curling Iron 1” inch and finish with Royal Treatment Ultimate Control Hairspray.

S T E P  1.

Secure the sides and backcomb the hair on the crown at the roots to create volume.
STEP 2.
Start to place a strand loosely underneath the crown area. Make sure you don’t lose the volume on the crown. Pin it loosely in place.

STEP 3.
Continue placing strands. Twist the strand, loose it up a bit and place it on top of the first strand.

Pin it and finish with Royal Treatment Ultimate Control Hairspray.
STEP 4.
Continue twisting and placing the strands. Use big open pins to keep the hair in place. Finish with Royal Treatment Ultimate Control Hairspray.

STEP 5.
Take some layers from the front. Twist them loosely and place them on the back of the head underneath the other twists. Use big open pins to keep the hair in place. Finish with Royal Treatment Ultimate Control Hairspray.
STEP 6.
Continue building this hairstyle with twisted strands. Loosen the twists and place them underneath each other at the back of the head. Use big open pins to keep the hair in place. Finish with Royal Treatment Ultimate Control Hairspray.

STEP 7.
Finish the hairstyle by placing the top layers. Twist them, loosen them up a little bit and place them at the back of the head. Leave some strands in natural fall around the face for a romantic feel. Finish with Royal Treatment Ultimate Control Hairspray.
